

METHOD AND APPARATUS FOR CUSTOM MANUFACTURE OF TEDDY BEARS**ABSTRACT OF THE DISCLOSURE**

A method and apparatus that allows a patron to customize and manufacture their own bean bag style stuffed toy. The stuffed toy generally includes a soft stuffed body and head that is generally filled with polyester. The arms and legs of the stuffed animal toy are then filled with a heavier, more rigid "bean" type mix. The mix includes colorful glitter in various shapes and colors. The apparatus supplies the bean mix to the stuffed animal toy and is operated by the patron. The apparatus includes a viewing chamber that swirls the bean mix and glitter thereby providing colorful entertainment while the patron is filling their stuffed toy with the bean mix.
